Pursuant to Section 252(e) of the)	ORDER NO. 6611a

of their Interconnection Agreement)	

ORDER ON RECONSIDERATION

Findings and Conclusions

1. On January 20, 2005 Qwest Corporation (Qwest) and MCImetro Access Transmission Services, LLC (MCI) moved for reconsideration of the Montana Public Service Commission (PSC) Order No. 6611 in the above captioned docket. The PSC grants the motions for reconsideration for purposes of considering the substance of the motions.
2. MCI and Qwest both request that the PSC reconsider its decision in Order No. 6611 to require the interconnection agreement between the parties to be amended to include notice requirements the PSC has required in previous interconnection agreements.
3. The parties have represented in their motions that the previous interconnection agreement in D2002.11.148 controls the overall interconnection relationship between the parties, and that agreement contains the required language.
4. The parties represented that Order No. 6476 in D2002.11.148 controls the interconnection relationship, and that the disconnect notice language in that order controls the agreement between the parties in the above captioned docket. The PSC grants the motion for reconsideration to the extent that the interconnection agreement filed by the parties in the above captioned docket does not need to be amended.
5. Qwest, but not MCI, asks that the PSC reconsider its decision to treat the interconnection agreement as an agreement that is subject to the filing requirements of 47 U.S.C.

§252. The PSC denies Qwest's motion with regard to the filing requirement, and the interconnection agreement remains subject to the filing requirements of Section 252.

6. In all other respects Order No. 6611 in the above captioned docket remains in full force and effect.

Order

THEREFORE, based upon the foregoing, it is ORDERED that the Agreement of the parties submitted to this Commission for approval pursuant to the 1996 Act is approved.

The parties shall file subsequent amendments to the Agreement with the Commission for approval pursuant to the 1996 Act.

IT IS FURTHER ORDERED that the agreement is an interconnection agreement subject to the filing requirements of 47 U.S.C. §252.

DONE AND DATED this 1st day of February 2005, by a vote of 5 to 0 on granting motion for reconsideration for purposes of considering the substance of the motion, and by a vote of 4 to 1 on the substance of the motion.
